SUMMARY

Senior Software Engineer. Ex-SAP, ex-Zoho. Two Fortune 500 accounts delivered under clinical compliance and EU data residency. 3rd of 389 teams at the Huawei Developer Competition (2025).

EXPERIENCE

Principal Software Engineer (Contract) | RJ Cloud

May 2026 – Present

- Own technical architecture and platform delivery for regulated medtech accounts including Medtronic and Integra Life Sciences.
- Engineer production systems across Next.js, Node.js, Python, PostgreSQL, AWS, OVH, Wasabi, Docker, SonarQube, and Sentry, ensuring strict healthcare and clinical compliance alongside EU data residency.
- Lead cross-functional engineering teams and govern all integration design, platform direction, and release standards.

Technical Solutions Engineer | Zoho Corporation

Aug 2025 – Jul 2026

- Led end-to-end CRM and ERP implementations for enterprise clients in Saudi Arabia and the UAE.
- Designed custom solutions, automated modules, and integrated third-party applications via APIs, Postman, and SQL.
- Reduced API errors by **35%** through improved logging and technical analysis.

Senior Software Engineer | Independent

Aug 2024 – Present

- **Coreva Group GmbH (EU):** Architected a multi-brand Next.js platform. Engineered custom Odoo modules and external API connections with SSO. Built a RAG AI assistant under strict EU data residency laws.
- **Best Hands (USA):** Delivered a web architecture and technical SEO rebuild. Accelerated client revenue to \$70k in month one, matching the previous six combined.
- **Travelholic:** Orchestrated integration architecture for a 90-unit short-term rental operation using Zoho, n8n, and e& payments. Executed OrderID-based idempotency.
- **Almasria Marble & Granite:** Developed a bespoke CRM and e-commerce portal. Achieved 90+ PageSpeed and ranked #1 on Google for primary Arabic keywords.

SAP Consultant (Young Professionals Program) | SAP

Jun 2025 – Aug 2025

- Selected as 1 of 30 from over 2,000 applicants for SAP's intensive enterprise architecture program.
- Certified as Integration Developer (BTP) and Implementation Consultant (S/4HANA Cloud).
- Trained in enterprise integration patterns, implementation methodology and clean core architecture.

TECHNICAL STACK

- **Enterprise & Integration:** SAP S/4HANA Cloud, SAP BTP, SAP Integration Suite, OData, Zoho CRM/ERP, Odoo, n8n
- **Frontend:** React.js, Next.js, React Native, TypeScript, Angular, Tailwind CSS
- **Backend:** Node.js, Python (FastAPI, Django), Deluge, Java (Spring Boot)
- **Database & AI:** PostgreSQL, pgvector, Supabase, LangChain, Hugging Face, Groq, OpenRouter, MCP, DeepEval, OpenAI
- **Cloud & DevOps:** AWS, Google Cloud, Huawei Cloud, Cloudflare, Docker, Vercel CI/CD, GitHub Actions, Linux

PROJECTS & AWARDS

Healthcare AI Platform (HCAIP) | *React, Python, FastAPI, Huawei Cloud*

- **Third Prize, Huawei Developer Competition (Dec 2025):** Awarded at the Northern Africa Finals out of 389 teams and 1,400+ developers.
- Led the technical team in architecting a clinical diagnostic platform. Engineered medical ontology integrations, agent workflows, and chat persistence.

Mappire (3D Expo Indoor Navigator) | *Three.js, React Three Fiber, WebGL, A* Search, Supabase, PostGIS, Cloudflare Workers, R2, CDN, Docker*

- Built and deployed Egypt's first 3D event navigation application, owning full-stack architecture and DevOps.
- Served **30,000+ attendees** across **300+ exhibition booths** at HACE, Africa's largest hospitality expo, at the Egypt International Exhibition Center. Zero downtime.

AI Platform for Ministry of Interior | *React Native, Python, FastAPI, Speech-to-Text, LLM Pipeline*

- Architected an AI officer platform featuring predictive crime analytics, guided voice-to-text report creation, and structured document generation.
- Cut manual report writing time by **80%** across deployed workflows.

EDUCATION & CERTIFICATIONS

- **BSc Computer Science (AI Specialization)** | London South Bank University (BUE) | *Sep 2020 – Jul 2024* (GPA 3.6)
- [SAP Certified Associate - Implementation Consultant \(S/4HANA Cloud\)](#)
- [SAP Certified Associate - Integration Developer \(BTP\)](#)
- **Huawei Cloud Certified** | Associate Cloud Engineer
